- Part 3: Moyens gibiers / Middelgroot Wild.

- Part 4: Grands Gibiers / Groot Wild.

Identificatie van de vitale zones van de blazoenen met afbeeldingen van dieren.

CATEGORIEËN (REF: ART B.1.1.1 ET B.1.1.2 van het reglement natuurhandboogschieten).

Blazoenen worden onderverdeeld in categorieën volgens de diameter van de « vitale » zone (rond of ovaal).

De categorieën klein, middelgroot en groot wild moeten een dubbele kill-zone bevatten.

Zij het ovaal of rond: de kleinere vitale zone moet perfect in de grotere gecentreerd worden.

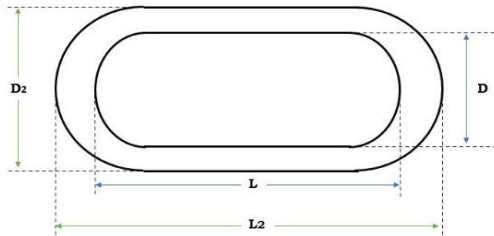

Voor de blazoenen welke slechts één « vitale » zonen vertonen zijn volgende afmetingen bepalend :

- Voor de ovaal: "D" en "L" .
- Voor de cirkel: de diameter "D".

Voor de blazoenen met dubbele kill-zone geldt:

- Voor de ovaal: "D/L & D2/L2"
- Voor de cirkel: "D & D2".

(zie schets hieronder).

Identification des zones "vitales" des blasons 2D

CATÉGORISATION : (REF : ART B.1.1.1 ET B.1.1.2. du règlement tir nature).
